NATIONAL WELFARE GRANTS RULES 1970.

1. These Rules may be cited as "The National Welfare Grants Rules".

2. In these Rules:

- (a) "Minister" means the Minister of National Health and Welfare.
- (b) "Estimates" means the estimates of the Department of National Health and Welfare for the fiscal year 1970-71;
- (c) "Welfare Agency" means a provincial welfare department, a municipal welfare department, voluntary welfare service, welfare council or commission, probation or correction service, welfare treatment institution, a Canadian school of social work, or other Canadian institution for professional education in social work, and such other organizations engaged in activities related to welfare and related services as the Minister may designate, and for purposes of research activities, a university or research institution;
- (d) "National Welfare Grants" means contributions under terms and conditions approved by the Governor-in-Council to provinces, welfare agencies including schools of social work, and to individuals, to support activities of national importance for the improvement of welfare services.

3. National Welfare Grants are available to assist welfare agencies as defined in these Rules in improving social welfare services through demonstration and other projects related to the organization, direction and delivery of social welfare and related services and to the services themselves; through projects designed to develop and extend consultation and coordination services; through projects seeking to deal with emerging social problems and the solutions to them; through projects designed to improve the supply, training and effective utilization of manpower for the social welfare services; through research projects including survey, experimental and other research activities related to welfare problems and welfare administration and through projects designed to develop and extend applied research capability in the social welfare field; and to assist individuals through scholarships and fellowships.

4. To these ends the Minister may approve:

- (a) Welfare Services Grants to provincial departments of welfare in respect of projects for the improvement of welfare administration, the development and extension of consultative, coordinating and planning services, bursaries and training grants for professional study and necessary travel costs in connection therewith at Canadian schools of social work and other Canadian institutions for professional education in social work; staff development grants; and for programs for phocomeliac children born in Canada between January 1, 1961 and January 1, 1963, where the drug thalidomide was associated, on a matching basis in accordance with these Rules.
- (b) Scholarships to Canadian residents for professional studies at Canadian schools of social work and other Canadian institutions for professional education in social work and fellowships for study at Canadian and foreign universities and necessary travel costs in connection therewith.
- (c) Teaching and field instruction grants and planning, organization and development grants on a project basis to Canadian schools of social work and other Canadian institutions for professional education in social work.
- (d) Demonstration and other project grants to welfare agencies as defined in these Rules for developing and improving welfare services and the administration thereof.
- (e) Project grants to national voluntary welfare agencies.
- (f) Fellowships for welfare research in Canada not related to candidacy for academic degree.
- (g) Research project grants to welfare agencies as defined in these Rules.

5. The Minister may reserve out of the amount provided in Vote 35 of the 1970-71 Estimates of the Department of National Health and Welfare for contributions under terms and conditions approved by the Governor-in-Council to provinces, welfare agencies including schools of social work, and to individuals, to support activities of national importance for the improvement of welfare services, such sum or sums as he may deem appropriate for each of the activities referred to in Section 4 above.

6. The Minister in the administration of these Rules and Supplementary thereto and for the utilization of monies provided from time to time for the National Welfare Grants, may prescribe such definitions, standards, terms, conditions and forms as are not inconsistent with these Rules, and shall apply such controls as may be necessary to ensure that in no instance is the payment made in respect of a project approved under these Rules greater than the agreed upon federal contribution.

7. (a) A welfare agency or two or more welfare agencies as the case may be, may submit a request for financial assistance, pursuant to these Rules, for the purpose of conducting a project, to the Minister together with a budget therefor.

(b) Where a request contains information satisfactory to the Minister including a statement of the purpose or object of the project and details of the manner in which it is to be carried out and where the welfare agency has undertaken in respect of the project:

i) to furnish to the Minister at the end of each fiscal year during which the project is in progress and at other times as may be required by the Minister, a report of the progress and development of the project;

ii) to maintain such records and accounts as are necessary and desirable in respect of all approved projects, and to permit and to afford to the Minister and his officers and agents every facility to inspect and examine all such records and accounts; and

iii) to refund to the Receiver General of Canada upon termination of the project, or at such earlier time after March 31, 1971 as the Minister may on two months' notice require, any monies received in connection therewith in excess of the amount actually and properly expended thereon in accordance with the approved budget;

the Minister may, subject to these Rules and the availability of funds, approve the project and approve a federal contribution toward the project in an amount up to 50% of the approved budget in respect of projects submitted pursuant to

Section 4(a) above and up to 100% of the approved budget in respect of projects or other activities submitted under Section 4(b), (c), (d), (e), (f) and (g) above.

- (c) Upon receipt of a statement in satisfactory form and content of the amount expended thereon, payment of a contribution or contributions may be made in respect thereof, provided that the Minister may upon request make progress payments based on a statement of expenditures and subject to audit at the completion of the project.
- (d) For purposes of projects approved pursuant to Section 4(a) above, expenditures made by a municipality named in the project may be recognized as expenditures by the province (or in some proportion thereof, to be determined by the province) for matching purposes. The provincial department of welfare in submitting a claim for projects approved under such circumstances may direct that the federal reimbursement be paid directly to the municipality so named.

8. Notwithstanding Section 7(c) above, where approval has been given by the Minister to a project, the Minister may in those cases where the project is being undertaken by a non-governmental welfare or other agency and at the request of such an agency, and upon receipt by him of information in form and substance satisfactory in his opinion to establish that the agency will be unable except with extreme difficulty, to commence or continue the project so submitted and approved, unless assisted in advance by the provision of funds therefor, make a payment or payments to that agency in advance of expenditures being incurred by it, in such amount as in the opinion of the Minister will enable work under the project to commence or proceed.

9. The Minister may establish one or more committees to be constituted and to consist of such persons as he may from time to time designate, to consider applications submitted pursuant to Section 4 above, and such committee or committees as may be appointed may recommend the disposition of such applications, or in the case of the administration of the scholarships and fellowships provided for above, select successful applicants and recommend the same to the Minister for approval.

10. Any resident of Canada may make application to the Minister within a period and in a form and content satisfactory to him for a scholarship or a fellowship referred to in these Rules, and all applicants for scholarships and fellowships shall

be advised of the result of their applications; a resident of Canada who has demonstrated research ability of a high order and who is proposing to undertake independent research of significance to the social welfare field, may make application to the Minister for a senior fellowship for welfare research not leading to candidacy for an academic degree; and the amount of any such scholarships or fellowships approved by the Minister shall be paid to successful candidates upon satisfactory proof of enrollment and commencement of study, or upon satisfactory evidence of progress in respect of an independent research activity, prior to March 31, 1971.

MENTAL RETARDATION RESEARCH AND DEMONSTRATION GRANT

11. (1) To the extent that the Treasury Board may approve these Rules as the terms and conditions under which funds may be made available under the provision in the Estimates for Health Grants and Welfare Grants for Research and Demonstration activities in the field of Mental Retardation, these Rules shall apply as the context may require.
- (2) In respect of a welfare research activity or a welfare demonstration activity, a project may be submitted by a welfare agency or two or more welfare agencies jointly, as an application for a grant therefor.
- (3) In respect of each project submitted pursuant to subsection (2) where the applicant accepts the conditions established in section 7(b) above, the Minister may approve a project in an amount up to 100% of the approved budget.
- (4) Upon the applicant furnishing to the Minister in respect of each approved project in form and content satisfactory to him a statement of the amount expended thereon by the applicant or by any welfare agency named in the project, payment may be made of the amount so expended subject to audit at the completion of the project.
- (5) The Minister may refer to a committee to be constituted and to consist of such persons as he may from time to time designate, projects submitted under the Mental Retardation Research and Demonstration Grant; and such committee may recommend any such project to the Minister for approval.

HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL.

His Excellency the Governor in Council, on the recommendation of the Minister of Transport and the Treasury Board, pursuant to Section 6(2) of the Government Harbours and Piers Act, is pleased hereby to authorize remuneration of \$480. per month for a Deputy Wharfinger (year-round) at the Government wharves, Sept Iles, Quebec to be retained from the tolls and dues collected at the said wharves, and to terminate the existing seasonal arrangements authorized by Order in Council P.C. 1969-17/1497 (T.B. Rec. 690226) dated the 29th day of July, 1969.

CERTIFIED TO BE A TRUE COPY - COPIE CERTIFIÉE CONFORME

CLERK OF THE PRIVY COUNCIL - LE GREFFIER DU CONSEIL PRIVÉ

SCHEDULE

Order in Council P.C. 1969-17/1497 (T.B. Rec. 690226) dated July 29, 1969 authorized remuneration of \$480. per month for a Deputy Wharfinger (seasonal) at the three major government wharves at Sept Iles, Quebec to be retained from the tolls and dues collected at the said wharves. The seasonal assistant or Deputy Wharfinger was appointed to assist the wharfinger in the operation and management of the wharves from April 15 to December 15 annually.

With the recent power developments at Churchill Falls in Labrador, there has been a major increase in shipping and flow of freight over the government wharves including heavy tonnages of construction equipment and bulk materials for onward movement by rail to Churchill Falls. To assist in meeting these new developments, additional rail sidings, a second heavy lift derrick and new warehousing facilities have been provided at the wharves.

With the continued expansion of traffic at Sept Iles complaints regarding delays, etc., were received from shipping interests and the staffing arrangements were not adequate to deal with the situation. Since the appointment of a seasonal Deputy Wharfinger last year, the control of vessels and the flow of cargoes over the government wharves has greatly improved and has resulted in a more efficient service to shipping.

Sept Iles is a major year-round port and in the interests of continuing an efficient service to vessels loading and unloading cargoes at this location during the winter months, it has now been confirmed that assistance for the wharfinger is required not only during the summer months but during the winter period as well.

It is proposed therefore, to terminate the present seasonal arrangements authorized by Order in Council P.C. 1969-17/1497 (T.B. Rec. 690226) dated July 29, 1969, and, pursuant to section 6 of the Government Harbours and Piers Act, to retain an assistant or Deputy Wharfinger on a year-round basis.

The present Submission seeks authority for the payment of remuneration for a Deputy Wharfinger at \$480. per month on a year-round basis to be paid out of wharf revenues at Sept Iles which totalled \$135,000. in 1968-69.

EXPORT DEVELOPMENT ORDER DATED JUNE 1, 1970
RESPECTING THE SALE OF WHEAT TO PERU

EXPLANATORY NOTES

1. The Cabinet has in principle agreed that the provisions of the Export Development Act should be available to assist in the financing of wheat to Peru up to a total liability of \$38 million (Cabinet Committee on Economic Policy and Programs Meeting of March 9, 1970, confirmed by Cabinet on March 13, 1970).
2. This submission covers a second sale of wheat requiring a liability of \$21 million. A previous sale made in 1969 for which deliveries will shortly be concluded involves a liability of \$14 million. Thus the maximum exposure for the two sales of \$35 million is within the overall liability approved by Cabinet.

That section 23 of the Veterans' Land Act authorizes the Director with the approval of the Governor in Council to sell any property that cannot or ought not to be sold to a veteran as to price or terms for another sale price or on other terms;

That pursuant to subsection (1) of sections 10 and 65 of the Veterans' Land Act, with effect the 15 of August 1962, the Director agreed to sell and qualified veteran Henry Teichrow agreed to purchase a 15 acre property described as part of the south half of section 26, Township 10, Range 19, West of the First Meridian and part of River Avenue, closed as shown on Plan 1184, all in the Province of Manitoba and in addition livestock and farm equipment acquired by the Director at a cost of \$600;

That on decease of veteran Henry Teichrow on the 11 of September 1966, his rights pursuant to section 31 of the Veterans' Land Act devolved on his widow Annie Myrtle Teichrow;

That in early 1970 the City of Brandon requiring the aforesaid property negotiated its purchase with Annie Myrtle Teichrow, who pursuant to section 11 of the Veterans' Land Act, consented to its sale;

That the livestock and farm equipment purchased at a cost to the Director of \$600, comprises a tractor, plow and cultivator and Annie Myrtle Teichrow has offered to purchase these chattels for an amount of \$150, which represents their current market value;

That the Department of Justice has expressed the opinion that where lands are acquired by a public body otherwise authorized to expropriate or is expropriated by that public body the Director may only retain the balance of the contract indebtedness and that the doctrine of frustration relates to the supplementary agreement covering sale of the chattels but title remains in the name of the Director and the said chattels may be returned to the Director for other disposition;

That Department of Justice officials further express the opinion that, prior to consent to sale pursuant to section 11 of the Veterans' Land Act the Director ought to make arrangements with the veteran for the disposition of the chattels, in which event, sale, if at less than cost to the Director, may be made pursuant to section 23 of the Act; and

- 3 -

That the cost to the Director of livestock and farm equipment is \$600.
